

Electronic LCD Tally Counters

Description:

The SenSource Models PC-ME2 & PC-ME3 offer an electronic version of the popular Hand Tallycounter and are available with a choice of Add only or Add/Subtract models. The Add model has a single count button and the Add/Subtract model has two separate count buttons. The "+" button (red) will add a count to the total and the "-" button (blue) will subtract a count from the total. When activated, an audible "beeper" sounds every count to verify that a count has been registered. All electronic components provide a long life counter with no moving parts to wear out. The counter is manufactured from impact-resistant plastic, combining lightweight with outstanding durability.

Features:

- Add or Add/Subtract Models
- Beep at every count with the option of switching the sound off for silent operation
- Cannot accidentally reset or turn off; On/Off/Reset button must be held down for 3 seconds to reset
- Large LCD display with blue backlight & large rubber buttons for comfort of use
- Light weight ergonomically designed for ease of use and carrying cord
